PROFILE

As an aspiring Software Engineer and Web Developer, I'm passionate about using technology to solve problems and create innovative solutions. I'm currently pursuing a Diploma in IT Software Development at Rosebank College, and I'm eager to apply the skills and knowledge I've gained to real-world projects. 2024 is my final year of the 3 year course.

I am a highly motivated and dedicated individual with a passion for IT and software development. I am determined to succeed in this field and am willing to put in the hard work and effort required to reach my goals. I strongly believe that success is not just about talent, but also about perseverance and a strong work ethic. I am committed to constantly improving my skills and knowledge, and am always looking for new challenges and opportunities to learn and grow. Attention to detail is a cornerstone of my work ethic, and I believe it sets me apart from others in the industry.

Projects:

I have hands-on experience in designing the frontend of a task management web application, showcasing my dedication to both frontend and backend development. I am Actively involved in improving both aspects of the application, I am committed to delivering a seamless and comprehensive user experience. Right now, I'm still busy working on both the look and functionality of the app.
